B2B marketer with 5 years of experience across SaaS and technology companies. My background spans demand generation, content marketing, HubSpot, paid media, sales enablement, partnerships and go-to-market campaigns.

I combine strategic thinking with hands-on execution, working closely with founders and sales teams to turn business priorities into campaigns, content and processes that generate demand and support revenue growth. Comfortable working with complex products, bringing structure to marketing and taking projects from idea to execution.

- Designed and implemented outbound sequences for eight SDRs, increasing contact-to-demo conversion from 6.5% to 9.8%.
- Built a repeatable customer story program, growing the library from four to 12 stories in two months and supporting 80+ sales opportunities.
- Created customer stories, landing pages, campaigns and sales materials that made a complex healthcare AI product easier to understand and sell.
- Led partner marketing campaigns and co-branded launches, coordinating positioning, content, promotion and sales follow-up.

GROWTH MARKETING SPECIALIST – BLIP

Global AI and B2B SaaS company | April 2024 – April 2026

- Planned and executed multi-channel demand generation campaigns across paid media, SEO, email, content, webinars, events and account-based marketing.
- Managed HubSpot automation, lead nurturing, segmentation, campaign reporting and full-funnel analysis.
- Developed go-to-market campaigns for priority verticals, adapting positioning, content, acquisition channels and sales materials to each market.
- Worked closely with sales to improve lead quality, follow-up processes, conversion and pipeline visibility across multiple regions.

MARKETING MANAGER – FOSSA SYSTEMS

Satellite IoT SaaS startup | February 2023 – April 2024

- Helped build the marketing function from the ground up, working directly with leadership across strategy, brand, content, digital marketing and sales enablement.
- Led a full WordPress website redesign, from positioning and messaging to structure, content and launch.
- Planned and executed campaigns across SEO, paid media, email marketing, content, social media and industry events.
- Improved organic visibility, moving several key pages from page two to top Google search positions.
- Created product content, thought leadership and sales materials that made a complex satellite solution easier to understand and sell.

INTERNATIONAL PROJECT MANAGER – GLOBAL BUSINESS REPORTS

September 2021 – February 2023

- Managed international industry reports across LATAM, EMEA and APAC, working on-site in Brazil, Peru, Chile, Mexico, India and Turkey.
- Sold advertising and sponsorship packages, generating \$125K+ in monthly revenue.
